

INFORMATION NOTE

Hospi Safe / Hospi Safe Plus

Allianz Belgium no. BCVR – 8672

As a European official, you benefit from a **medical cover** (JSIS) that reimburses about 80% or 85% of your medical bills. Health care costs remaining at your own expense can mount up considerably, especially in case of hospitalisation or expensive treatments. In addition, the JSIS applies ceilings and limitations in case of a private room, excess fees or treatment in an expensive private facility.

This is why **Cigna Eurprivileges**, together with **Afiliatys**, offers a **hospitalisation insurance** tailored to the needs of European officials. Cigna Eurprivileges has pioneered this insurance in the 1960s and is still the market leader today.

You can choose between 2 formulas: **Hospi Safe** is a basic hospitalisation insurance. **Hospi Safe Plus** offers a wide level of protection including dental, optical, pharmacy and consultations, reimbursement of speech therapy also when refused by the JSIS. It is the most complete cover available on the market.

Who can sign up?

Staff members of European Union institutions and organisations.

Application requests need to be submitted during a staff member's active service and at the latest six months before retirement*.

The spouse and dependent child(ren) of the above.

Spouses and children who do not benefit from the JSIS can subscribe. Children can remain covered up to age 26 or as long as they are at the charge of the staff member as students or for medical reasons.

Beneficiaries of a survivor's pension

Once subscribed, you can continue your insurance life-long. Premiums for all age categories are published upfront.

* Upon retirement, you can subscribe to a hospitalisation insurance through AIACE. Check out our products with AIACE: www.eurprivileges.com.
